“ Hi, my name is Pete Sadler and I'm very excited to be opening a new centre for the World Transformation Movement in New Zealand. I've been a WTM member for many years having first heard about Jeremy and his work in 1992 when Jeremy came to New Zealand for the launch of his earlier book *Beyond The Human Condition*. I read an article in the New Zealand Herald and thought, 'I've gotta read this book', so I went to the local book shop and ordered a copy. I was extremely excited when it arrived and set about reading it. Once I started reading I just couldn't put it down, it all rang so true to me. I also had the great pleasure of meeting Jeremy when he came to Auckland in 1995, and my wife Mary and I took Jeremy for a bit of a tour around some of New Zealand's more natural sights. I have a folder given to me at that time by another WTM supporter from New Zealand (who is actually a former All Black rugby player) that is packed full of information on Jeremy's early life and thinking and I have treasured it ever since. When I read *FREEDOM*, although I expected, having read many of Jeremy's previous books, to be presented with lots of honesty and understanding, I was completely blown away by the undeniable truths Jeremy has given us all. It absolutely fills me with overwhelming hope for us and everything that lives on this awesome planet. I cannot express strongly enough how extremely grateful I am to Jeremy and all at the WTM. I strongly urge everyone to visit the WTM website at www.humancondition.com* and learn more about these amazing insights, or you can contact me at www.wtmauckland.com*. ”
